choosing your mode of use:

Your stroller seat can be used in two different modes.
Infant carriage mode or toddler seat mode

Your stroller seat is shipped in infant carriage mode with the buckles unfastened under the footrest.
You will need to follow the instructions completely to make sure you set up your stroller in your preferred mode of use.
After the frame and the wheels have been assembled, you can choose to set the stroller up in TODDLER MODE or INFANT CARRIAGE MODE.
Follow instructions on pages 6 - 13.
assembly instructions:

1. Lift up fold lock to release.

   NOTE: When opening the stroller, ensure that your child, or other children, are at a safe distance.

2. Pull up stroller by the handle until it clicks into fully open position. Stroller will lock into open position.

   Place flattened carton on the floor to protect floor from scratches.

3. Align front wheels and push into frame until they click into place.

   To remove: Pull release button on back of front wheel.

   Tug on each wheel to ensure they are securely attached and the front wheels turn freely.

4. Align rear wheels and push into frame until they click into place.

   To remove: Pull release button under rear wheel.
5 To set up seat into toddler seat mode, turn the seat over and fasten the buckles on the seat as shown.

6 To attach toddler seat, slide the seat onto the stroller mounts until they click into place as shown. The toddler seat can be placed on frame forward-facing or parent-facing. PULL up on the toddler seat to make sure it is securely attached to mounts.
attaching the bumper bar and child’s tray:

7 To attach bumper bar, insert into the openings on the front of stroller. **MAKE SURE** the bumper bar is securely attached and clicks into place by pulling on it.

![Click!]

8 To remove bumper bar, press buttons on both sides of stroller and pull off the frame.

![Click!]

9 To attach cupholder, slide down onto the mount on either side of the stroller frame as shown. To remove, lift off of mount.

![Note: Max weight of cup-holder 1 lb (.45kg).]

10 To attach child’s tray, insert metal tab into slot on bumper bar as shown.

![Click!]

Note: The cup holder is interchangeable to either side.

**WARNING**
To avoid injury, NEVER lift or carry by the armbar.

**CAUTION**
DO NOT remove the child tray when child is in the seat.
using the canopy:

11 Open flap to access peek-a-boo window.

**WARNING**

Avoid injury, never use toddler seat without the canopy attached.

12 To open canopy, push to front. To close canopy, push to back.

using the visor (on certain models only):

13 To extend visor, pull out from under the canopy. To hide visor, push back up under canopy.
reclining the toddler seat:

14 There are two recline options:
   To recline, lift recline handle at the top of the seat and rotate into one of the 3 positions.

   To lower seat.
setting up in infant carriage mode (cont.):

3 Fully recline the seat by lifting the recline handle and lowering seat into position 3.

Note: Remove child’s tray if attached.

4 Unfasten the buckle behind the legrest underneath the front of seat. The buckles MUST BE unfastened before placing child in the seat.

To remove: Press tab in and lift off bumper bar.

5 Place your hand into the seating area and flatten out the seat before placing child in the seat.
To remove or reverse the seat. Push in the buttons on both sides of the seat. Lift off and remove or reverse seat and re-attach onto mounts.

CHECK the seat is securely attached by pulling up on it.

WARNING
To avoid falls, NEVER lift, reverse or carry the toddler seat by the bumper bar or with child in it.
lock/unlocking 5 point safety harness:

**WARNING**
To avoid serious injury from falling or sliding out. ALWAYS use restraint.

tightening and loosening the 5-point safety harness:

**SHOULDER HARNESS STRAPS:**
- **slide to tighten**
- **slide to loosen**

**WAIST STRAPS:**
- **slide to tighten**
- **slide to loosen**
1st, unclip harness clips. 2nd, remove harness pads. 3rd, slide shoulder harness out of slot. Adjust harness position as shown below and re-install harness pads.
folding the stroller:

1. Before folding, adjust seatback to upright position, lock the brakes, close the canopy and remove your child. If your toddler seat is parent-facing, you will need to remove it and place it in the forward-facing position. Stroller will not fold when seat is on parent-facing.

To fold, slide button and twist handle forward.

2. Lower frame until stroller latches closed.

3. Stroller will stand when folded.

⚠️ WARNING
Care MUST be taken when folding and unfolding to prevent finger pinching.
unfolding the stroller:

1. To unfold stroller, un latch the fold lock.

2. Grab the handle or side of stroller frame and lift up until stroller latches into the open position.

   MAKE SURE stroller is latched open by pushing down on the handle.
